Student Attendance Policy Regarding Conflicting Dates

Throughout the school year there are days when the schedule at East Ridge conflicts with the schedule at the 916 Career and Technical Center. On the dates East Ridge is in session but 916 is not, students may leave East Ridge, with parent/guardian written approval, during the hours that he/she would normally attend 916. Students that remain at East Ridge must report to the Media Center where attendance will be taken.

Please check one attendance option:

- I give my student permission to leave East Ridge High School
- My student must remain at East Ridge High School and report to the Media Center
